

Livestock and Land is proud to present:

MANAGING HORSE PROPERTIES IN WINTER

TOPICS INCLUDE:

- Winter preparedness check list
- Mud & Runoff
 - Short term repairs
 - Long term solutions
- Free facility evaluations
- Ask the Experts
 - Q&A with livestock facility experts

FEATURED PRESENTERS

Bruce Horttor and Carol Verbeeck own and operate "Building the Equestrian Dream," a general engineering contracting business. With over forty years construction experience, they've specialized in equestrian and rural property site work for the past sixteen years, including the building of arenas, paddocks, site drainage, and barn pads.

Rich Casale currently serves as the District Conservationist for the USDA Natural Resources Conservation Service (NRCS) serving Santa Cruz County. He has been with the agency for 35 years. As a horse owner, Rich has real life experience in the challenges of managing horse properties during the rainy season. He prides himself in being able to offer realistic solutions to mud and manure management that benefit the horses, the owners, and the environment alike.

TUESDAY, DECEMBER 8TH
